

SPRING NEWSLETTER [2015]

Truly, truly, I say to you, unless a grain of wheat falls into the earth and dies, it remains alone; but if it dies, it bears much fruit. (John 12:24 ESV)

Steeprock Bay BIBLE CAMP

This year's theme is Esther. She lived in a place that she did not necessarily want to live in, and was not able to live the way she had in the past. She was in a situation where she had to risk her life in order to save her people. We will be focusing in thoughts such as: God has a plan for you regardless of where you live, and he wants you to do your part. For few years now we have focused on Bible heroes (many of which are men), but this does not mean that God will not use all His people as He pleases.

We would like to thank all staff that have worked with us in the past for all the time they have put in. This year does not seem to be an exception to the rule in that we are still looking to fill many cabin leading positions. We know there are many other things we could be doing during the summer other than working at camp. God encourages us to do His will first and everything else will fall into place. "But seek first the kingdom of God and His righteousness, and all these things shall be added to you" Matthew 6:33.

This summer we are also hoping to spend Friday afternoons at the lake. Besides the extended swimming time we would also like to offer the kids tube rides. This is very exciting for all ages and we really hope that there would be someone there that is willing and able to come up with a boat.

Prayer Items

- ◆ That the hearts of our campers are going to be ready, such that the seed we'll plant will be able to flourish.
- ◆ That we'd have an abundance of cabin leaders.
- ◆ For a boat driver to pull the tubes on Fridays.
- ◆ Wisdom in the planning of all the details for the summer.
- ◆ For people to come out to work days and their safety.

SPRING NEWSLETTER [2015]

Steeprock Bay Bible Camp

Within the next two months we will be starting the camp season and we still have a lot of work to do. We will continue to clear away brush around the camp ground. The lawn has to be mowed and few painting jobs need to be finished. There are always odd jobs to be done before we are ready to move into camp.

The major job for this year will be to build a brand new building for our thrift shop. Since the old building is in very poor condition, it is time to take it down and erect the new one. Vlad Matejka (296-4820) and Andrew Jones (281-1049) are in charge of seeing the project through. They are the ones to contact if you'd like to contribute specifically to this project, whether it be with finance, your time, or any other form of contribution.

Before we start the camp season we are having the kick off service on Sunday night again. We invite everyone to come up to join us for the service as we commit the camp and staff into God's hands.

May God bless you.
