## Steeprock Bay BIBLE CAMP

Another year is starting to roll along. We are gearing up in expectancy of what the Lord will do. Pray for wisdom as things are set in motion. Gail & I will be serving as directors. The leadership team is in place. We have been praying for the staff that will serve the kids this summer. Godly cabin leaders and volunteers are a crucial part of camp. Maybe God is asking you to give of your time/holidays and serve in this way. You know there is not one set age that is the perfect number to serve at camp. We need the young to the old (NO, you are not too old!) and everything in between. Balance is the key.

Thanks to you as supporters of the camp. It is so neat to be a part of the body of Christ that joins hands to serve our wonderful Father. This past year serving at camp prayer was once again impressed upon me to be indeed our major weapon. We do not wrestle against flesh and blood but against principalities and powers. How obvious this was as I encountered things beyond my capabilities that only my Saviour could overcome. Time and time again we prayed and saw God move. I love this quote, "pray first – think later". So stay strong in the Lord and the power of His might. As we, the army of the Lord pray for camp what great things He will do!

### Prayer Items

- ◆ Pray that God would supply us with lots of godly staff
- ◆ We still need cooks, maintenance men, life guard, bus driver(s) and cabin leaders
- ◆ Campers and their communities as we seek to build God-honouring relationships with them
- ◆ Wisdom in the planning out of all the details for the summer
- ◆ We still need another \$1900 to meet fundraising goal for the thrift shop

Be sure to check out our website at [steeprockministries.com](http://steeprockministries.com) to **donate**, apply to **staff or volunteer**, and more!

## Building Plans

The work on the thrift shop has continued and is starting to look like the final thing.

The exterior only needs to get on the trimming, a step, a deck and some security measures such as grills. The next thing that is planned to be done is the wiring.

Big work day project for this spring is the redoing of the chapel roof. It has been leaking for some time by now and we plan to get it fixed. We will need much man power for those days and would appreciate if you would let us know if you want to help out with this so we can keep you posted.
